6.30pm for a
drink & a chat

52 Beach Road, Petone

Monday 15 October, 2012

Thank you for supporting
Rachel's Vineyard Retreats

An experience of abortion changes everyone.

In New Zealand, although one in every four pregnancies ends in abortion*, there is little recognition of its impact. For many, the experience remains a raw and destructive secret for the rest of their life..

The work of Rachel's Vineyard is to gather those whose lives have been touched by abortion and over the course of a weekend, allow them to find a new experience of healing and wholeness.

Retreat participants are usually the women who carry this experience, but increasingly the Retreat Team hears from men, grandparents and siblings who have no safe place to acknowledge their loss and resolve their grief.

Your contribution supports an annual programme of three Rachel's Vineyard Retreats, two 'Upper Room' aftercare meetings and further team development.

Rachel's Vineyard Retreats -
healing the wounds of abortion, one
weekend at a time.
